- 1) Central Thai 2) Northern Thai
3) Pwo Karen 4) Sagaw Karen 5) Other

7) How many months per year can the road be used? _____ months

8) How many opium addicts are there in the village? _____ people

9) How many latrines are in the village? _____ latrines

10) Potable water for the village is from _____

10.1) Number of wells in the village _____

10.2) Number of water spigots in the village _____

10.3) Is there enough potable water available?

Enough

Not Enough Water fails _____ months/yr

11) What livestock is raised in the village?

12) Most villagers derive income from what source?

- 1) Agriculture 2) Hired labor
3) Sale of forest products 4) Other _____

Village Activities
(Group discussion)

13) What needs did you have four years ago?

14) What needs do you have today?

15) How would you like to improve the village?

E. Project Evaluation

16) Have there been any projects/groups before in this village?

- 1) YES. Project _____
2) NONE

17) What was the purpose of the above mentioned project and was it success

18) What were the project activities of BUS in this village?

HAD

PROBLEMS?

- 1) Pipeline project
- 2) Well improvement
- 3) Irrigation system
- 4) Demonstration site
- 5) Received seedlings
- 6) Received seed loans
- 7) Received vegetable seeds

19) Specify the problems encountered.

20) The project with the least amount of problems was

Because

21) Were the project workers reliable?

- 1) Good relationship
- 2) Not good, because
- 3) Other

22) How do the people in this village like to work?

- 1) Large groups (4+)
- 2) Small groups (2-3)
- 3) Individual

23) In the future, what kind of group would you rather work with?

- 1) Government
- 2) Christian
- 3) Buddhist(Dhammajarik)
- 4) NGO
- 5) Doesn't matter
- 6) Don't want
- 7) Other

24) Do the villagers engage in shifting cultivation?

24.1) YES.

1) Are they doing less now than before? Why?

24.2) NO.

1) What are they doing instead?

25) If they cannot in the future, what will they do?

26) Has anyone come to warn them against it?

Suggest alternatives?

27) What are the two biggest problems in the village in terms of making a living?

A)

B)

WATER (If received)

- 1) Have there been any problems with the water system?
- 2) Who takes care of maintenance?
- 3) Where there any problems during installation?
- 4) How did you feel during construction?

SEEDLINGS

- 1) Where you able to plant many of the BUS seedlings? Yes
No, because
Did not receive
- 2) Were the seedlings from BUS of good quality? Good
Not Good, Because
- 3) Have you ever gotten seedlings on your own?

	Where	Type	Price
1)			
2)			

LOANS

1) Besides the project loans, had you ever received fertilizer or seed loans?

Yes, rate for fertilizer _____ From _____
 rate for seeds _____ From _____

- 2) Was the fertilizer and seed from BUS of good quality?
 - 1) received fertilizer, good quality
 - 2) received seeds, good quality
 - 3) received fertilizer, quality not good
 - 4) received seeds, quality not good
 - 5) Did not receive loans

VEGETABLE SEEDS

1) Before the project did anyone plant vegetables?

1.1) YES. Where were they bought?

NO

2) If the project does not supply seeds where would they buy their own?

	Where	Type	Price
1)			
2)			

DEMONSTRATION SITES

1) Is there a demonstration site in your village? Yes
No

2) Can the work there be applied by the villagers?

3) What problems have there been with it?

FOR HEADMAN:

1) Who is the most progressive farmer in the village?

2) Who is the most dissentious farmer?
