**VERB DIRECTIONS IN RELATION TO /e-/**

VERB DIRECTIONS IN RELATION TO /e-/

The agent marker /e-/ is roughly interpreted as non-first person agent. In transitive clause, it seems to mark direction. The following diagrams show the directions it marks. **Non-/e-/** means the direction that is not marked by /e-/.

- |                  |                   |
|------------------|-------------------|
| ① = first person | ② = second person |
| ③ = third person | ④ = fourth person |

agent → patient
