ACKNOWLEDGEMENTS

The writer is greatly indebted to her supervisor, Dr. Imelda Y. Flores, for her critical, thorough and tireless reading of this paper and her valuable advice on editing and polishing this paper.

The writer would like to express her gratitude to Dr. Pearl Wattanakul for her constructive guidance and advice in the preparation and improvement of this study.

The writer feels grateful to Dr. Wilai Rasamee, Janet Voettiner and Ken Winkler for their insightful suggestions in improving this work.

The writer's appreciation to the support and help of the United Board for Christian Higher Education in Asia, Amity Foundation and Guizhou University of Technology in China throughout this program is immeasurably deep.

Special acknowledgment is given to Suthiath Andy Chulamorkodt for his constant encouragement and help in the completion of this study.

Finally, the writer's heartfelt gratitude goes to Jesus Christ as always.
