## ACKNOWLEDGEMENTS

I am very grateful to many people who have assisted me through this study. My study might not have been accomplished without their help.

My appreciation is first expressed to Dr. Jenjit Gasigijtamong, my project supervisor, who had worked closely with me throughout my studies. I wish to express my sincere gratitude to her for her valuable advice, insightful comments and patience.

My study would not have been possible without advice from all my committee members.

Moreover, I would like to express my appreciation to all students' cooperation, which participated in my study.

Finally, I wish to express my deepest gratitude and utmost respect to my parents and my aunts who have supported me financially, morally and spiritually throughout my studies, and I owe a large thanks to my two dear friends for their love and their continual assistance.
